

Novo Metal Finishing Equipment

www.NovoMetalFinishingEquipment.com • (860) 583-7801

We design, machine, fabricate and assemble best-in-class plating equipment for the metal finishing industry.

Plating Barrels

Metal Gears

Hanger Arms

CORE Plating Technology is now Novo Metal Finishing Equipment

Acquired by Novo Precision LLC in 2021, the experts at CORE Plating Technology continue to provide drop-in replacement barrels, components and assemblies for the metal plating and wet processing industries, now as Novo MFE. Our engineering and manufacturing teams achieve quick-turn production and shipments from our Bristol, Connecticut manufacturing facility. With over 100 years of combined industry experience, we continue to be a trusted supplier for manufacturing and processing companies all over the country.
